

# Add or redo an induction

Should you discover that you need access to other terminals which you have not been inducted for yet, you are able to add and complete inductions and courses at any time.

This feature is only available to 'Access only' and 'MSIC & Access' applicants.

To add site inductions, log into your account and click on "Add or Update site inductions" link from your profile page.

Once you have completed the site's induction course and test, your access to that site will be activated within 20 minutes.

The screenshot displays a user's account profile page. On the left is a navigation menu with the following items: Home, Personal details & inductions, Change password, Replace card, Cancel card, Tax Invoice, and Contact Us. The main content area is titled "Account Profile" and includes a "Welcome" message with a user ID. Below this are links for phone, email, and home address, each with an "Edit" option. A section titled "MSIC & Access Card - 4 years" shows the card is active and expires on 26/03/2018, issued by "i-stop". The "Sites you have access to" section lists "DP World Port Botany Terminal" and "AAT Port Kembla Terminal", with a red-bordered link for "Add or Update Inductions >".
